Subject: OPPI Scientist Awards 2024 I CALL FOR ENTRIES

Dear Researcher,

Greetings from Organisation of Pharmaceutical Producers of India (OPPI).

The OPPI Scientist Awards recognize outstanding contribution of Scientists, Young Scientists and Women Scientists, who have worked on original research in the field of Pharmaceutical Sciences.

We invite nominations/submissions from individuals and Institutions of Higher Learning recognized by Government of India and its various agencies.

DG. ICMR OFFICE

Diary No. : 895084

Date : 4.9.2024

Anil Matai
06/08/24To be circulated to
ICMR scientists

9/9/24NO. 860
10/9/24

Scientists based in India (only) are eligible to apply for this. Final awardees are selected based on the evaluation of an independent jury comprising of experts.

For further details on the awards including criteria, jury, discipline areas covered, registration details, please click here: <http://awards.indiaoppi.com/>

The 2024 Awards come with a citation and a cash prize of INR 100,000 each. OPPI will inform the winners, upon completion of the evaluation process.

Please refer to the below mailer for registering and uploading your applications online. Kindly follow instructions on the webpage. A Help Document is available to facilitate the process.

In case of any query feel free to connect on the following emails or contact number:

Email id: Clara Rodricks clara.rodricks@indiaoppi.com / Ankit Shikhar ankit.shikhar@indiaoppi.com

Mobile: +91 9619080644

The last date for receiving completed applications is 15th September 2024.

I look forward to your participation and I wish each one of you continued success in the field of research.

OPPI Young Scientist
of the year

OPPI Scientist
of the year

OPPI Woman scientist
of the year

Nominations / Submissions are invited from : All Biological Research Centres and Institutions of Higher Learning recognized by Government of India and its various agencies.

Criteria

Should be a scientist of Indian nationality

Should be at least a Science /
Pharmacy / Post-Graduate from a
reputed university

Eligibility for OPPI Scientist Award is
above 40 years (as on the last date of
application submission). Both Male and
Female Scientists are eligible to apply
for this Award.

Patented research work will be given
additional weightage. Research work
submitted should have commercial
application.

The winners / recipients of the
Young Scientist and Women Scientist
Awards are not eligible to re-apply in
the same category.

Age limit for OPPI Young Scientist
Award is upto 40 years (as on the last
date of application submission). Both
Male and Female Scientists are eligible
to apply for this Award.

Applicants should furnish a certificate
from the head of the
institution/laboratory where he/she is
working stating that the work
submitted is original and does not
violate any Intellectual Property Rights.

Discipline/Areas Covered

Pharmaceutical
Chemistry

Pharmaceutics, Novel and
Improved Drug Delivery System

Pharmacology, New Models
for Evaluating Drugs

Pharmaceutical
Biotechnology/Nanotechnology

Pharmacognosy & Phytochemistry
Evaluation of Plants and Plant
products for treatment of unmet
medical needs

About OPPI

The Organisation of Pharmaceutical Producers of India (OPPI) established in 1965, represents the research-based global pharmaceutical companies in India. OPPI has been an integral part of the healthcare journey of the country. We remain committed to supporting the nation's healthcare objectives, putting patients at the core of all decision making and collaborating with all stakeholders to find sustainable solutions to realize the collective vision of Health for All.

Our member companies have been serving the country's healthcare ecosystem since pre-independence and continue to remain committed to patient safety and providing quality care in the future as well. As an association, our advocacy decisions, patient commitment and work are always keeping the country first and we embody the spirit of working for 'Bharat Ke Liye', driven with innovation to find solutions for unmet medical needs, collaboration with government stakeholders, and co-creation with partners coming together to address the nation's healthcare challenges. We are committed to the Hon'ble Prime Minister Shri Narendra Modi ji's clarion call of 'Jai Vigyan and Jai Anusandhan'. For more information, please visit <https://www.indiaoppi.com/>

Ministry of Women & Child Development

28th August, 2024

D.O. No. 02/4/2024-Mission Shakti

Dear Colleague,

We all are aware that menstruation is a natural phenomenon in the life cycle of adolescent girls and women. Unfortunately, it has been shrouded in silence and generally, treated with some amount of shame, which results in restricted mobility and limited access to normal activities for menstruating girls and women.

2. In such a scenario, it is imperative to create a supportive ecosystem to ensure that women have access to safe, clean and affordable menstrual products. It will enable them to fully participate in social, educational and economic activities without encountering barriers or stigma. Access to sanitary pad vending machines and incinerators in public infrastructure promotes menstrual hygiene by offering convenient access to sanitary pads, especially in areas where availability might be otherwise limited.

3. Providing such easy access empowers women to manage their menstruation with dignity and reduces the stigma associated with it. They can participate fully in both public & private spaces. Additionally, the installation of incinerators ensures the safe disposal of used sanitary products, addressing environmental concerns and preventing health hazards from improper disposal practices.

4. In this context, I would like to bring to your notice a very good initiative of the Department of School Education & Literacy wherein vide letter dated 07.06.2024, they have written to the Education Departments of all the States/ UTs to take proactive measures for supporting health and dignity of female students through the provision of sanitary products, conducting sensitisation and awareness programmes and by ensuring confidentiality and privacy. In an earlier D.O. letter dated 27.02.2024 this Ministry had also written to the Secretaries of all Ministries/ Departments and Chief Secretaries / Administrators of all States/ UTs seeking support in creating gender friendly workplaces which includes installation of Sanitary pad vending machines and incinerators in all female washrooms (**Copy enclosed**).

5. I would like to request you once again to kindly ensure that provisions for sanitary pads vending/ dispensing machines and incinerators are made at all conspicuous locations in female toilets and medical rooms in all offices within the jurisdiction of your Ministry / Departments.

6. I shall be grateful if the steps taken/ to be taken to ensure menstrual hygiene related infrastructure and practices in your respective Ministry/ Department, including affiliated institutions are shared with this Ministry **by 20th September, 2024**.

With regards,

Encl: As above.

Yours sincerely

(Anil Malik)

Secretaries of all Ministries/ Departments and Chief Secretaries/ Administrators of all States/ UTs.

Government of India
Ministry of Women & Child Development

D.O. No. 02/4/2024-Mission Shakti

27th February, 2024

Dear Secretary,

I am writing to underscore the need to create Gender Friendly Spaces in public places that is of paramount importance for ensuring the well-being and taking good care of the needs of working women within and outside the office premises. This becomes incumbent as the country aspires to become a developed nation by the year we celebrate 100 years of India's Independence in 2047, that is not possible unless increased and meaningful participation of women in the workforce is ensured.

2. I would like to highlight here that due to a slew of measures taken by the Government in the past 5 years, the Female Labour Force Participation Rate in India has increased from 23.3% to 37.0%. The World Bank estimates that even if half of the women in India can join the workforce, the country can potentially boost its economic growth by 1.5 percentage points, thus raising India's GDP to 9 percent per year. To achieve this, the barriers to women's workforce participation have to be addressed sooner than later.

3. To continue the existing efforts of the Government of India through adoption of a comprehensive whole-of government approach, such as the Palna scheme (Anganwadi-cum-Creches), providing free day-care and creche facilities for working women in urban areas, the recent joint advisory issued by Ministry of Women and Child Development with Ministry of Labour and Employment and also another advisory with Ministry of Road Transport and Highways to employers for promoting women's workforce participation as well as expansive legislative frameworks such as the POSH Act, 2013, the Ministry seeks your support in creating gender-friendly spaces in workplaces of Ministries/ Departments along with their affiliated institutions, PSUs and infrastructure to promote women's workforce participation. An indicative list of activities is outlined below:

- i. The installation of Sanitary Pad vending machines and incinerators in washrooms addresses the fundamental menstrual hygiene needs of female employees.
- ii. Allocating space for feeding rooms, restrooms and yoga rooms. These facilities cater to the physical and mental health needs of female employees that will also ensure compliance of the provisions of the Maternity Benefit (Amendment) Act, 2017. This Act mandates support for women during their post-delivery period.
- iii. Incorporating at least one creche facilities in every public building having 50 or more employees to support working mothers, promoting gender equality and facilitating the retention and advancement of talented female professionals.

Cont'd....

: 2 :

4. This may entail expenditure and many people may not find it of that much importance, but investing in these essential facilities will certainly have a long-lasting impact on the well-being and productivity of female engaged in the workforce. By creating a supportive and inclusive workplace, we not only comply with legal standards but also encourage women's full and meaningful participation, contributing significantly to the growth and success of the country. For example, in case of Ministry of Railways and Ministry of Civil Aviation, provisions should be made for sanitary pad vending machines, feeding rooms at all conspicuous locations depending on the footfall of women and girls.

5. I shall be grateful if you could kindly take necessary steps in earnest and formulate a time-bound action plan to implement all these far reaching measures in your Ministry/Department and other offices in the run up to next International Women's Day on 8th March, 2024. It would be appreciable if some measures, e.g., installation of sanitary napkin vending machines are done immediately.

6. I would be happy to know the action taken by you in this regard and would be delighted if you could share some good practices if they have already been implemented in your Ministry/Department or other Offices.

With regards,

Yours sincerely

(Indevar Pandey)

4th September, 2024

D.O.No. 13/6/2024-WW

Dear Secretary,

As you are aware the new version of SHe - Box has been launched by this Ministry which will serve as a central repository of data and complaints under "The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 (SH Act)" across the country. The SHe-Box portal is live now. The User login details of each Ministry/Department and States/ UTs have already been shared vide communication dated 02.09.2024.

2. The SHe- Box portal has been designed for effective implementation of the provisions of the SH Act, 2013. The Hon'ble Supreme Court has also passed directions for strict compliance of the provisions of the Act in the matter of Aureliano Fernandes Vs State of Goa & Ors. The structure of the portal has been so designed that in the absence of uploading of information of Internal Committee (IC)/ Local Committee (LC) by the office/ authority concerned, the complainant won't be able to lodge her complaint through the portal to the IC/ LC under which her workplace falls. Therefore, it is essential for all the Central Ministries/ Departments as well as all workplaces within their respective jurisdiction to feed the required information immediately as per the provisions of the SH Act.

3. I, therefore, request you to kindly look into the matter and direct the officers concerned to post the details of Nodal Officers and IC/ LC latest by 13.09.2024. This item is being reviewed at the highest level and compliance is also to be reported to the Hon'ble Supreme Court.

With warm regards,

Yours sincerely,

(Anil Malik)

The Secretaries of all Ministries/ Departments of Government of India.
