D.O. NO.: 01/27/2026-HO - FIT INDIA

Dated: 12th February, 2026

Dear Dr. Bahl,

The **Fit India Movement**, launched by the **Hon'ble Prime Minister in 2019**, envisions making fitness an integral part of everyday life. The movement encourages people of all age groups to adopt physically active lifestyles through regular participation in **fitness and sports** activities. Under the Fit India Mission, several initiatives such as **Fit India Sundays on Cycle (SoC), Fit India School Certification, Fit India Women's Week, Fit India Carnival, and promotion of the Fit India Mobile App (FIMA)** have been undertaken to create mass awareness and sustained behavioural change towards fitness.

2. In furtherance of these objectives, '**Sundays on Cycle**' has emerged as a flagship initiative promoting cycling, walking, and other non-motorised modes of transport as sustainable, accessible, and health-enhancing practices. Since its inception, the initiative has witnessed **participation of 23,34,780 citizens across 2,03,356 locations across India, through 57 editions**, reflecting widespread national engagement. The initiative effectively aligns physical fitness with environmental responsibility and community participation, making active mobility a key component of the **Fit India** vision.

3. In this context, it is proposed to encourage the concept of a **Cycle-Friendly / Non-Motorised Campus** across **closed wall campuses of 'institutions' falling under the jurisdiction of the ministries**. Promoting cycling and foot-walking within these campuses will not only contribute to physical and mental well-being of employees, but will also help reduce carbon emissions, traffic congestion, and dependence on motorised transport. Such campuses can act as living examples of active and sustainable workplaces.

4. I would, therefore, request your kind support in **encouraging officials and staff** of your Ministry/Department to adopt cycling and walking within such premises, and to expand the scope of 'Sundays on Cycle' through:

- Encouraging daily cycling and foot-walking inside campuses, and/or
- Observing **designated vehicle-free or cycle-friendly days/hours**, or
- **Declaring** specific stretches/areas within campuses as **non-motorised, cycle-friendly zones**, and
- **Sensitising** officials about health, environmental, and productivity benefits of active mobility.

5. Further, this model can be effectively implemented in **large residential campuses, educational and research institutions, warehouses**, and other expansive establishments. Selected zones within such campuses may also be **formally declared** as non-motorised, cycle-friendly areas to institutionalise active mobility as a regular practice.

Page 1 of 2

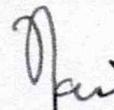

6. Similar arrangements have been successfully implemented by **Infosys since April 2016**, achieving completely car-free campuses, as highlighted in the annexed information note. The illustration may serve as a useful reference for Ministries/Institutions considering adoption of such initiatives.

7. The **Fit India Mission team would be glad to extend guidance and knowledge support**, including awareness material, best practices adopted by other institutions. For any further details, please contact, **Ms. Nisha Vidhyarthi**, Assistant Director, Fit India, SAI (Phone: +91 9990429129).

8. Your leadership and encouragement in this regard will go a long way in setting an example, and inspiring a healthy, active, and environmentally conscious work culture across Government establishments.

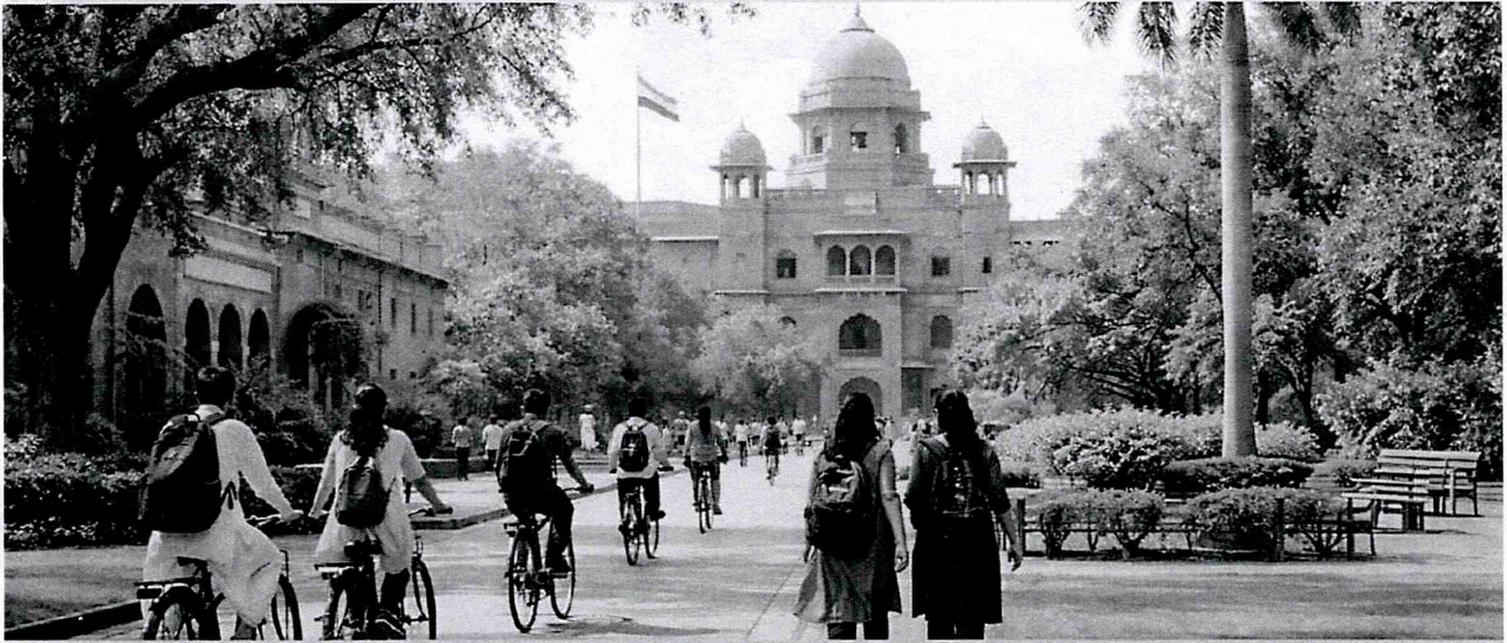

Warm Regards,

Yours sincerely,

(Hari Ranjan Rao)

Let's Make Our Campuses Leaders of a Greener Tomorrow

ABOUT FIT INDIA

FIT India Movement was launched on 29th August 2019 by the Honourable Prime Minister, Shri Narendra Modi, with a view to make fitness an integral part of our daily lives.

OUR VISION

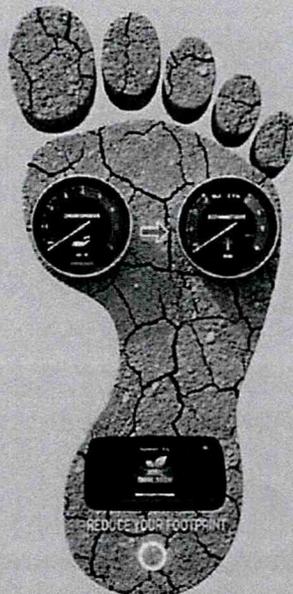

Under its vehicle-free initiative, FIT India Movement targets helping majority of educational campuses and institutions in India to reduce their carbon footprint by 90% for a cleaner and greener environment.

OUR MISSION

To put at least 25 vehicle-free zones on India's map by the end of 2026. For this, we have launched a drive to reach out to all prospective campuses and institutions in India.

DID YOU KNOW

In a landmark decision, the Delhi Government has approved carbon-credit monetisation where one can sell credits to earn income

Sundays on Cycle

By encouraging citizens to take to cycles in a safe, inclusive and community-driven manner, the 'Sundays on Cycle' initiative by FIT India has highlighted how fitness, mental well-being, social cohesion and environmental sustainability can go hand in hand.

"Cycling is the simplest form of exercise with a profound impact on both personal health and environment. It reduces carbon footprint & provides a solution to pollution."

- Dr Mansukh Mandaviya, HMYAS -

Where young India grows up, change can grow fastest

WHY CYCLING

Cycling is among the most inclusive, affordable & low-carbon forms of mobility available. It requires minimal infrastructure, is accessible across socio-economic backgrounds and can be easily integrated into our daily routines, especially within campuses and institutional zones.

WHY CAMPUSES

One of the most effective ways to institutionalise sustainable mobility is through the introduction of vehicle-free zones, days or hours within educational and institutional campuses in the country.

THE OUTCOME

Even limited interventions, such as designating specific hours or days as vehicle-free, can significantly reduce carbon emissions, noise pollution and fuel consumption while fostering a culture of health and environmental consciousness

OUR PROMISE

- To lend expert operational support in implementing a vehicle-free model
- To help you sustain it

HOW INFOSYS CRACKED THE VEHICLE-FREE CODE

- Infosys has created pedestrian- and cyclist-friendly environments that support carbon neutrality.
- With more than 2000 cycles at its 337-acre training facility in Mysuru, it is one of the largest vehicle-free campuses
- The Mysuru campus has 20km of dedicated walking pathways and 8-9 km of road for cycling
- Private vehicles are not allowed beyond entrance area
- Designated parking areas and multi-level car parking
- Electric buggies for visitor/luggage transport, EVs for supplies
- Cycle parking lots outside every academic building & near residential blocks
- 8-member dedicated staff for maintenance of cycle
- Each cycle roughly costs Rs 7k to 8K
- Average repair cost per cycle Rs 400 with a life span of 7-8 years
- IIT Roorkee and IIT Guwahati have actively collaborated with the FIT India to host Sundays on Cycle.
- They've also expressed willingness in exploring the idea of vehicle-free zones within their premises.
