### Status of new COVID-19 Govt. & Private laboratories.

#### Government Medical College:

S. No.	State	Name of the Laboratory	Update Status
1.	Maharashtra (2)	Topiwala National Medical College, Mumbai	Reminder email sent to Dean on 28.07.2020

#### Private Medical Colleges/ Private Laboratories:

S. No.	State	Name of the Medical College / Laboratory	Requirements	Status
1	Madhya Pradesh (2)	Index Medical College Hospital & Research Institute	NABL certificate reqd	Reminder email sent on 27.07.2020
		RKDF Medical College and Research centre, Bhopal	NABL certificate reqd	Reminder email sent on 27.07.2020
2	Uttarakhand (1)	Mahantra Indresh Medical College, Dehradun	NABL certificate reqd	Reminder email sent on 28.07.2020
3	Telangana (1)	RVM Institute of Medical Sciences And Research Center, Siddipet	NABL certificate reqd	Reminder email sent on 28.07.2020
5	Maharashtra (15)	ORANGE CITY HOSPITAL & RESEARCH INSTITUTE, Nagpur	NABL certified Scope pending	Reminder email sent on 27.07.2020
		K.J Somaiya Medical College, Sion Mumbai	NABL certificate not received	Reminder email sent on 28.07.2020
		Terna Medical College, Mumbai	NABL certificate reqd	Reminder email sent on 28.07.2020
		Annasaheb Chudaman Patil Memorial Medical College, Dhule	NABL certificate reqd	Application is under process with mentor institute as on 28.07.2020 Status: Equipment ordered by Instt.
		Smt. Kashibai Navale Medical College, Pune	NABL certificate reqd	Application is under process with mentor institute as on 28.07.2020 Status: Equipment ordered by Instt.
		Dr. Ulhas Patil Medical College, Jalgaon	NABL certificate reqd	Application is under process with mentor institute as on 28.07.2020 Status: Equipment ordered by Instt.
		BKL Walawalkar Rural Medical College, Ratanagiri	NABL certificate reqd	Application is under process with mentor institute as on 28.07.2020 Status: No equipment and infrastructure
Prakash Institute of Medical Sciences & Research, Sangli	NABL certificate reqd	Application is under process with mentor institute as on 28.07.2020 Status: No equipment and infrastructure		

S. No.	State	Name of the Medical College / Laboratory	Requirements	Status
		SMBT institute of Medical Sciences & Research Centre, Nashik	NABL certificate reqd	Application is under process with mentor institute as on 28.07.2020 Status: NABL certificate awaited
		Vedanta Institute of Medical Sciences, Palghar	NABL certificate reqd	Application is under process with mentor institute as on 28.07.2020 Status: NABL certificate awaited
		NKP Salve Medical College, Nagpur	NABL certificate reqd	Application is under process with mentor institute as on 28.07.2020 Status: Equipment ordered by Instt.
		MIMSR Medical College, Latur	NABL certificate reqd	Application is under process with mentor institute as on 28.07.2020 Status: No equipment and infrastructure
		Indian Institute of Medical Sciences & Research, Jalna	NABL certificate reqd	Application is under process with mentor institute as on 28.07.2020 Status: No equipment and infrastructure
		Ashwini Rural Medical College, Hospital & Research Centre	NABL certificate reqd	Application is under process with mentor institute as on 28.07.2020 Status: No equipment and infrastructure
		Datta Meghe Medical College & Shalinitai Meghe Hospital and Research Centre, Nagpur	NABL certificate reqd	Application is under process with mentor institute as on 28.07.2020 Status: NABL certificate awaited
8	Tamil Nadu (1)	Dhanalakshmi Srinivasan Medical College & Hospital	NABL certificate reqd	Reminder email sent on 28.07.2020
9	Sikkim (1)	Sikkim Manipal College of Medical Sciences, Gangtok	NABL certificate reqd	Reminder email sent on 28.07.2020
10	Andhra Pradesh (1)	Narayana Medical College, Nellore	NABL certificate reqd	Reminder email sent on 28.07.2020

## Protocol for approving a COVID-19 testing facility in view of National Emergency

ICMR is willing to facilitate establishment of a full-fledged COVID-19 testing facility in all Government Medical Colleges and Private Medical Colleges (for private MCs: NABL accreditation for real-time PCR of RNA viruses is required).

A laboratory will be considered fit for assessment by ICMR when the following basic requirements will be available:

1. Real Time RT-PCR machine which is calibrated and functional.
2. Biosafety Level 2 cabinet which is calibrated and functional.
3. Cold centrifuge
4. Pipettes, RNA extraction kits, plasticware and other basic consumables.
5. Autoclave for sterilizing the waste.
6. Staff is available and has some previous experience of work using real-time PCR machine.
7. Biomedical waste management policy in place and understanding on segregation of infectious waste.

Once the above requirements are met, only then ICMR may be approached for approval.

### Steps of Approval from ICMR:

Categories	Nomenclature
<b>Category 1:</b> Any of the above-mentioned requirements 1-7 are not met.	Cannot be considered in the present form. State Govt. support is required for meeting the above criteria.
<b>Category 2:</b> All the above requirements 1-7 are fulfilled.	Under review
<b>Category 3:</b> Staff trained at nearest VRDL and the trainer recommends the lab.	Approved
<b>Category 4:</b> First test is run independently and successfully by the lab and results are shared with ICMR.	Functional Lab. Fit to start independent testing

*\*As and when the labs will move from category 1 to 2, ICMR will consider facilitating a COVID-19 testing facility.*
