Updates from the different research groups 	Chairperson remarked that National Clinical Registry on COVID-19 should be initiated at the earliest
28.	OR Group Meeting 29 th April, 2020	2 nd Review meeting on developed proposals for OR NTF	<ul style="list-style-type: none"> • A proposal presentation on 'Health system preparedness for COVID-19' was made and following recommendations were provided by the advisory committee • Take up work focussing on the short-term impacts during the outbreak • Focus on how the findings will be utilized for policy and program improvements
29.	CRG Meeting 30 th April, 2020	<p>Identified priority areas of national importance</p> <p>BCG trial</p> <p>Convalescent plasma trial</p> <p>Registry on COVID-19</p> <p>HCQ prophylaxis</p>	COVID-19 registry and Convalescent plasma trial recommended
30.	OR Group Meeting 30 th April, 2020	Review of developed proposals	Proposal on 'Health economics and modelling group' was discussed and recommendations were provided.
31.	ESWG Meeting 1 st May, 2020	Update on serosurveillance protocol	
32.	OR Group Meeting 17 th NTF Meeting 1 st May, 2020	<ol style="list-style-type: none"> 1. Review of Nitazoxanide and Zinc in COVID-19 2. Reflections on some overarching considerations to combat COVID-19 	Chairperson remarked use of HCQ prophylaxis in hotspots subject to maintaining pharmacovigilance and ensuring that safety issues
33.	OR Group Meeting 1 st May 2020 (Sub-group meeting)	Meeting of working group of OR NTF	<p>Development of standard guidelines for autopsy/forensic pathology in COVID-19 deaths under operational research group</p> <p>Development of Guidance</p>

			document for Health system response for persons with disabilities during COVID-19 pandemic
34.	OR Group Meeting 2 nd May 2020 (Sub-group meeting)	Meeting of working group of OR NTF	Development of materials for psychosocial counselling of patients and front-line health workers
35.	OR Group Meeting 4 th May 2020 (Sub-group meeting)	Meeting of working group of OR NTF	Discussion on guidelines documents which were recommended for development in meetings held on 1 st and 2 nd May 2020
36.	OR Group Meeting 5 th May 2020	6 th OR NTF meeting	Submission of final proposals with incorporation of recommendations made by the advisory committee in the review meetings for proposal discussions
37.	Diagnostic Group meeting 6 th May, 2020	COVIRAP-2, by IIT Kharagpur	Technology transfer of the kit was already done, it was recommended to validate the product manufactured from first three batches
38.	CRG Meeting 7 th May, 2020	Registry on COVID-19 Solidarity trial Infectiousness of SARS CoV-2 in prolonged shedding of viral RNA in clinically stable patients	Modifications to the protocols suggested
39.	Joint ESWG-OR Meeting 7 th May 2020	1. What could be the methodology/ Available options for sample pooling for Sero-surveillance? 2. How we can set up population-based surveillance to see the dynamicity of Red, Orange and Green Zone.	Discussion on methodology for pooling of samples for sero-surveillance, options for setting up population-based surveillance to see the dynamicity of red, orange and green zone
40.	18th NTF Meeting 8 th May, 2020	1. Review of COVID-19 Discharge Criteria Discussion on the use of serological tests for COVID-19 2. Updates from the Clinical Research Group 3. Evidence update on Nitazoxanide and Zinc	The Chair remarked about following issues which need deliberation: a. Insights into mortality due to COVID-19 b. Evidence regarding newer therapeutic alternatives, to deal with issues such as DIC or coagulopathy, in COVID-19 patients c. Clinical autopsy-based evidence regarding the

			pathophysiology of COVID-19
41.	ESWG Meeting 10 th May, 2020	1. Surveillance options for COVID-19.	
42.	Diagnostic Group meeting 12 th May, 2020	Develop an intelligent testing strategy	
43.	OR Group Meeting 12 th May, 2020 (Sub-group meeting)	Meeting of working group of OR NTF	Review of developed guidance documents on psychosocial counselling of patients and front-line health workers
44.	CRG Meeting 13 th May, 2020	Viral suppression factor in COVID19 (hzVSF-v13)	Protocol reviewed and suggestions given
45.	OR Group Meeting 13 th May, 2020	Finalization and approval of proposals	Proposals were approved and all the projects were then proposed to be presented to the Ethics committee for ethical approval
46.	19 th NTF Meeting 14 th May, 2020	1. Mesenchymal Stem Cells in the management of COVID-19 2. Review of Tocilizumab and Evidence Update on Zinc for COVID-19 3. Pre-operative Covid-19 testing policy	The Chairperson remarked that a matrix containing all therapeutic options reviewed till date may be presented in next meeting
47.	20 th NTF Meeting 17 th May, 2020	1. Review of COVID-19 testing	
48.	ESWG Meeting 17 th May, 2020	1. Progress of community based serosurveillance 2. Inputs on draft protocol for facility based surveillance 3. Update on research projects 4. Discussion on special group surveillance	
49.	OR Group Meeting 19 th May 2020 (Sub-group meeting)	Meeting of working group of OR NTF	Review and discussion on developed guidance documents on psychosocial counselling of patients and front-line health workers
50.	21 st NTF Meeting 21 st May, 2020	1. Review of the use of HCQ for the prophylaxis of COVID-19 a. Case-control study on HCQ in HCWs b. Adverse Drug Reaction Profile of HCQ c. Experience of using HCQ prophylaxis in HCW in 3	The Chair and Co-Chair highlighted the need for consideration to extend HCQ prophylaxis to cover frontline non-health workers

		<p>central govt hospitals</p> <p>d. Observational study on HCQ in HCWs in AIIMS:</p> <p>e. Information from the rational use of medicines project</p>	
51.	Diagnostic Group meeting 21 st May, 2020	Probe free real time RT-PCR kit for COVID-19 diagnosis by IIT Delhi	Recommended to transfer the technology and validation of the products manufactured from first three batches should be done.
52.	ESWG Meeting 22 nd May, 2020	<ol style="list-style-type: none"> 1. Progress of community based serosurvey 2. Finalization of draft protocol for facility based surveillance 3. Update on Risk factor study 	
53.	22 nd NTF Meeting 25 th May, 2020	<ol style="list-style-type: none"> 1. Review of the clinical management of COVID-19 <ol style="list-style-type: none"> a. Clinical Management Experiences: Mumbai, Ahmedabad, Chandigarh b. Discussions on clinical management and experience from other settings 2. Draft protocol for clinical management of COVID-19 	
54.	CRG Meeting 25 th May, 2020	<ol style="list-style-type: none"> 1. Presentation on Health care workers quarantine 2. Use of Hyperbaric oxygen therapy in SARS CoV2 infection-For discussion & Review evidence 3. Presentation of proposal on Pegylated Interferon alfa-2b in SARS CoV2 4. Proposal on "To evaluate efficacy of BCG in reducing the incidence and severity of Covid 19 in the high risk population-a Phase III open label randomized controlled trial" 	
55.	OR Group Meeting 27 th May 2020 (Sub-group meeting)	Meeting of working group of OR NTF	Review and discussion on developed guidance documents on psychosocial counselling of patients and front-line health workers
56.	OR Group Meeting 2 nd June, 2020	Meeting of OR group with ICMR-CECHR for ethical approval	Presentations for the COVID related projects were made by all groups for ethical clearance of the projects

57.	23 rd NTF Meeting 7 th June, 2020	1. Review of the clinical management protocol for COVID-19	Creating a stockpile of key medicines Price control mechanisms for high cost medicines (Remdesivir, Tocilizumab) Guidelines for home care of mild patients
58.	Diagnostic Group meeting 10 th June, 2020	Review Meeting: Revalidation request of COVID-19 diagnostic commodities	
59.	CRG Meeting 12 th June, 2020	Decision on the Immunemed company proposal Discussion on revised proposal titled "To evaluate efficacy of BCG in reducing the incidence and severity of Covid 19 in the high risk population-a Phase III open label randomized controlled trial" Dr.SanjeevSinha, AIIMS , New Delhi Update on Convalescent plasma therapy study – Dr.AparnaMukharjee, ICMR Update on Clinical registry for Covid 19	Protocols reviewed and suggestions given
60.	OR Group Meeting 12 th June, 2020	Discussion upon status of generic proposals to assess immediate priorities under COVID guidelines	Upon recommendation of the committee, following proposals were accepted: <ol style="list-style-type: none"> 1. 62.	ESWG Meeting 19 th June, 2020	<p>1. Identify ideas for epidemiological research and prioritize them</p> <p>2. Discuss mechanisms for taking these priorities forward to develop into a full proposal and initiate the studies. Implementation plan for the research projects</p>	
63.	Diagnostic Group meeting 24 th June, 2020	Review Meeting: Revalidation request of COVID-19 diagnostic commodities	
64.	24 nd NTF Meeting 26 th June, 2020	<p>1. Review of the evidence: Favipiravir</p> <p>2. Methylprednisolone vs Dexamethasone in the management of COVID-19</p>	

Quarter III			Total: 27 meetings
S. No.	Date	Agenda	Remarks/ Concerns raised by Chairperson/Co-chairperson
65.	ESWG Meeting 1 st July, 2020	<p>1. Epi Research ideas - Prioritization and next steps (minutes of the last meeting attached)</p> <p>2. Comments from members on COVID cohort study</p> <p>3. Facility based surveillance - Revision and next step</p>	
66.	Diagnostic Group meeting 6 th July, 2020	Review Meeting: Revalidation request of COVID-19 diagnostic commodities	
67.	Diagnostic Group meeting 8 th July, 2020	Gargle lavage (AIIMS Study)	
68.	ESWG Meeting 10 th July, 2020	<p>1. Sharing of results of Serosurvey-1 of Covid-19 with the working group and status of its dissemination/publication</p> <p>2. Planning and related issues of follow up sero-survey</p> <p>3. Policy and possible strategies for data sharing.</p>	

		4. Research studies: procedure for approval, funding and related issues	
69.	Diagnostic Group meeting 13 th July, 2020	To discuss the ways for improvement of validated COVID-19 RAT kits	
70.	25 th NTF Meeting 14 th July, 2020	1. Review of the evidence: Ivermectin&Tocilizumab for management of COVID-19	The Co-chair suggested developing testing strategy in hotspot areas
71.	Diagnostic Group meeting 15 th July, 2020	Review Meeting: Revalidation request of COVID-19 diagnostic commodities	
72.	ESWG Meeting 16 th July, 2020	1. Serosurvey 2 Proposal -discussion and way forward 2. Data sharing protocol -discussion 3. Community Care Proposal-discussion.	
73.	CRG Meeting 23 rd July, 2020	1. Presentation on Adrenergic blockers for Covid-19 2. Presentation on "A Potential Candidate for the Pharmacotherapy of COVID-19" 3. Opinion/comments on -Export of Favipiravir, Olokizumab and Levilimab to India – proposal submitted by Ministry of Health, Russia 4. Review on Leronlimab	Protocols reviewed and suggestions given
74.	Diagnostic Group meeting 24 th July, 2020	Review Meeting: Revalidation request of COVID-19 diagnostic commodities	
75.	26 th NTF Meeting 26 th July, 2020	1. Review of the evidence: Itolizumab for management of COVID-19 2. National Clinical Registry for COVID-19 3. Decision on conducting second round of National sero-surveillance on COVID-19	1. Revisiting Ivermectin in light of recommendation by Joint Monitoring Group on COVID-19 2. Immunodeficiency in post covid-19 state among patients 3. Pre-operative testing for COVID-19.
76.	Diagnostic Group meeting 3 rd Aug, 2020	Biochips with SARS-COV-2RNA specific field effect devices, by IIT Hyderabad	Product was sent to NIV, Pune for validation. The preliminary testing of biochip (n=25) using extracted RNA as input showed 52% (13/25 correctly detected) correlation with the real time PCR results. It was recommended to improve the biochip and product may be reconsidered for validation

77.	Diagnostic Group meeting 5 th Aug, 2020	COVIRAP-1, by IIT Kharagpur	Version-I of COVIRAP was first validated by ICMR-NICED Kolkata wherein it showed a sensitivity of 93.9% and Specificity of 97.6% which did not meet the acceptance criteria (Sensitivity = 95% and above and Specificity = 99% and above). It was therefore recommended to do certain changes.
78.	ESWG Meeting 5 th Aug, 2020	1.National Sero-surveillance Round 2 2.Priority Research Ideas 3.Periodic assessment of ICMR Database 4.Facility based sero-surveillance	“Tracking COVID-19 in West Bengal to support targeted response”-Presentation by DHS West Bengal
79..	27 th NTF Meeting 9 th Aug, 2020	1. Review of Ivermectin for COVID-19 Therapy 2. Consideration of Preoperative testing for COVID-	Chairperson suggested updates on Tocilizumab and long term immunity status post COVID-19
80.	Diagnostic Group meeting 11 th Aug, 2020	Review Meeting: Revalidation request of COVID-19 diagnostic commodities	
81.	CRG Meeting 13 th Aug, 2020	1. Opinion/comments on - Protocols for management of people with diabetes in COVID facilities 2. Presentation on proposal titled “Expression profiling of inflammatory gene ACE2 and hsCRP among SARs CoV2 patients and clinical outcome” 3. Presentation on proposal titled “Assessment of protective efficacy of chloroquine/HCQ among urban residents of Gujarat”. Pilot trial of Ambroxol in patients recovering from COVID 19with dyspnea fatigue and muscle loss and weakness lead in to a definitive trial and then trials in amyotrophic lateral sclerosis Clinical trial of Ambroxol 60 mg tidal in patients recovering from COVID 19with dyspnea fatigue and muscle loss and weakness	Protocols reviewed and suggestions given
82.	ESWG Meeting 21 st Aug, 2020	1.Assessment of exposure to COVID-19 in Mumbai Metropolitan City by unlinked anonymous sero-prevalence survey (NCDC) 2.Discussion about COVID-19 indicators and dashboard	

83.	28 th NTF Meeting 26 th Aug, 2020	1. Review on Tocilizumab for COVID-19 2. Preoperative testing for COVID-19.	
84.	Diagnostic Group meeting 31 st Aug, 2020	Review Meeting: Revalidation request of COVID-19 diagnostic commodities	
85.	29 th NTF Meeting 1 st Sept, 2020	1. Review on Ayurveda and Yoga interventions for COVID-19	
86.	30 th NTF Meeting 3 rd Sept, 2020	1. Review of Revised COVID-19 testing strategy 2. Discussion on Tocilizumab for COVID-19 management	Co-Chairperson suggested removal of Tocilizumab from clinical management protocol Testing guidelines revised (weblink)
87.	CRG Meeting 11 th Sept, 2020	2 revised proposals were reviewed New proposals: 1. To identify COVID-19 perturbed genes and immune repertoire networks in diabetes and obesity associated severe infections. 2. Lipid Ibuprofen versus standard of care for acute hypoxemic respiratory failure due to COVID-19: A multicentric, randomized controlled trial. 3. Post Viral Fatigue Syndrome in COVID-19 and its association with immunological profile. 4. The Course after Covid-19 5. Diabetes and hypertension associated complications and mortality among patients with COVID-19 in India- A hospital based observational study	Protocols reviewed and suggestions given
88.	ESWG Meeting 14 th Sept, 2020	1. Status of National Serosurvey Round 2 2. Status of approved and proposed research projects by members of ESWG 3. Discussion about COVID-19 indicators and analysis plan of Laboratory data on ICMR dashboard	Selection of robust indicators and analysis plan for periodic analysis of ICMR COVID-19 laboratory database
89.	Diagnostic Group meeting 18 th Sept, 2020	Review Meeting: Revalidation request of COVID-19 diagnostic commodities	
90.	Diagnostic Group meeting 21 st Sept, 2020	Demonstration of Abbott ID Now (Molecular POCT)	
91.	ESWG Meeting 29 th Sept, 2020	1. Discussion on National Serosurvey Round 2 2. Discussion about COVID-19 indicators and analysis plan of Laboratory data on ICMR dashboard	

Quarter IV		Total: 17 meetings	
S. No.	Date	Agenda	Remarks/ Concerns raised by Chairperson/Co-chairperson
92.	ESWG Meeting 9 th Oct, 2020	1. Discussion on additional analysis of National Serosurvey Round 2 2. Discussion about future rounds of Serosurvey for prevalence of COVID-19 in the country.	Preparation of guidance document for states to conduct sero-surveys for COVID-19.
93.	31 st NTF Meeting 11 th Oct, 2020	1. Review of evidence of Convalescent Plasma (CP) in COVID-19 management 2. Review of evidence of Hydroxychloroquine (HCQ) in COVID-19 management	Chairperson and Co-Chairperson suggested against use of CP and removal of HCQ for treatment of moderate COVID-19 disease
94.	Diagnostic Group meeting 12 th Oct, 2020	Review Meeting: Revalidation request of COVID-19 diagnostic commodities	
95.	32 nd NTF Meeting 22 nd Oct, 2020	1. Review of evidence of Ivermectin in COVID-19 management 2. Discussion on COVID-19 pandemic situation in the country	The Co-Chair remarked to adopt pre-emptive approach for combating subsequent peaks of COVID-19 as they are inevitable.
96.	Diagnostic Group meeting 6 th Nov, 2020	Review Meeting: Revalidation request of COVID-19 diagnostic commodities	
97.	Diagnostic Group meeting 12 th Nov, 2020	Revision of the Sample Referral Form (SRF)	
98.	ESWG Meeting 13 th Nov, 2020	1. Protocol presentations (3 proposals to be presented) and related discussion. 2. Status of ongoing research projects (Determinants of COVID-19 disease severity in India: A case-control study; Analysis of data from ICMR laboratory data portal & Development of guidance document on sero-surveillance).	
99.	33 rd NTF Meeting 16 th Nov, 2020	Discussion on 'Evidence Based Advisory on Use of Convalescent Plasma Therapy in COVID-19 Patients.'	Chairperson & Co-Chairperson suggested initiation of study addressing the limitations of PLACID trial. Advisory on appropriate use of CPT released (weblink)
100.	CRG Meeting 17 th Nov, 2020	1. Revised proposals were reviewed 2. 1 new proposal: Acute Cardiac Emergencies: Trends In Admissions And Management Strategies, Post COVID-19	Protocols reviewed and suggestions given
101.	Diagnostic Group	1. Review the need to revise	

	meeting 25 th Nov, 2020	sensitivity cut-offs of existing Rapid Antigen Tests (RATs) for detection of SARS-CoV-2. 2. Feasibility of using saliva and gargle samples as an alternative to oropharyngeal and nasopharyngeal swabs. 3. Permit the use of USFDA approved saliva based RTPCR test kits. 4. Review the results of evaluation of the dry swab technique developed by CSIR-CCMB and recommend its use appropriately.	
102.	ESWG Meeting 27 th Nov, 2020	Discussion on 3rd Round of National Sero-survey of COVID-19	
103.	Diagnostic Group meeting 28 th Nov, 2020	Review Meeting: Revalidation request of COVID-19 diagnostic commodities	
104.	ESWG Meeting 4 th Dec, 2020	Discussion on 3rd Round of National Serosurvey of COVID-19 protocol	Development of re-infection guidelines and prioritization of groups for COVID-19 vaccination
105.	ESWG Meeting 11 th Dec, 2020	1.Update on status of 3rd Round of National Serosurvey of COVID-19 2.Discussion on Vaccination Strategy against COVID-19	
106.	34 th NTF Meeting 26 th Dec, 2020	1. Recommended changes (if any) in the treatment protocols, diagnostic methods and surveillance of SARS-CoV-2 in the backdrop of the UK variant strain. 2.Any specific recommendations to tailor the public health response in view of mutations in SARS-CoV-2 emerging in other parts of the world (South Africa, Australia etc.)	
107.	ESWG Meeting 28 th Dec, 2020	1. Update on status of 3rd Round of National Serosurvey of COVID-19 2. Presentation on project entitled "Determinants of COVID-19 disease severity in India: a case control study	
108.	35 th NTF Meeting 30 th Dec, 2020	1. Presentation by NCDC of the new India SARS CoV-2 Genomic Consortium and updates on samples tested 2. Updates on Genomic surveillance by DHR/ICMR VRDLs 3. General discussion and recommendations	

YEAR 2021

Quarter I		Total: 10meetings	
S. No.	Date	Agenda	Remarks/ Concerns raised by Chairperson/Co-chairperson
109.	ESWG Meeting 11 th Jan, 2021	1. Update on the status of 3rd round of sero-survey of Covid-19 2. Update on project entitled "Determinants of COVID-19 disease severity in India: a case control study" 3. Discussion on COVID-19 vaccine research and way forward 4. Demonstration of COVID-19 vaccine management software	
110.	Diagnostic Group meeting 20 th Jan, 2021	Review Meeting: Revalidation request of COVID-19 diagnostic commodities	
111.	ESWG Meeting 27 th Jan, 2021	1. Results of 3rd round of sero-survey of Covid-19 2. Update on project entitled "Determinants of COVID-19 disease severity in India: a case control study"	
112.	CRG Meeting 3 rd Feb, 2021	1. 3 revised proposals reviewed 2. New proposals: Access to health care among individuals with diabetes during COVID pandemic in a rural setting in Karnataka Utilization and adherence to clinical treatment guidelines in cancer care and changes in care practice during the COVID-19 pandemic 3. Updates/Interim report: National Clinical Registry for COVID-19	Protocols and update reviewed and suggestions given
